Place: Mumbai Date: October 21, 2021						
Notes:						
* Pending actual utilisation of funds raised through QIP, unutilised funds have been temporarily invested in Mutual Funds.						
* Net Proceeds can be used for any of the above objects.						
* Difference between Amount Raised and Original Allocation is issue related expenses of Rs. 3,90,42,730						
Owing to certain changes in furnace design and layout, there will be an increase in the production capacity from 500 MT per day to 550MT per day. Further, owing to equipment with higher capacity and larger building etc, there will be extra cost, and thereby, the estimated cost of the total SG3 project is likely to go up from Rs 500 Crores to Rs 600 crores and the incremental cost will be financed from the internal accruals and/ or available debt financing. These revisions have been approved by the Board in its meeting held on August 04, 2021. Consequently, this has not resulted in a change in utilisation of the QIP funds or the objects of the QIP towards which the QIP funds were proposed to be utilised.
