Purpose:

Borosil Renewables Limited (“Borosil / Company”) recognizes the importance of our stakeholders to the business and believes in value creation for them through effective communication and engagement. The Stakeholder Engagement and Grievance Redressal Policy (“Policy”) has been developed to formalize the engagement with our stakeholders and management of their grievances in order to minimize the social and operational risks to our business.

Scope:

The Stakeholder Engagement and Grievance Redressal Policy is applicable to all business operations in relation to any stakeholder interactions and their grievance redressal.

Guiding principles:

We accept and promote the following basic principles to engage and establish relations of trust with our stakeholders:

- **Participation:** Encourage the participation of the stakeholders through bi-directional communication in the Company’s activities, promoting voluntary consultation processes.
- **Collaboration:** Promote collaboration with the stakeholders such that it contributes to the goals of the Company and aligns with its values.
- **Responsibility:** Act responsibly and build relationships with our stakeholders in areas of sustainable development, human rights, and community development.
- **Transparency:** Ensure transparency in financial and non-financial communications, sharing truthful, sufficient, relevant, complete, clear, reliable and useful information with our stakeholders.
- **Continuous improvement:** Seek continuous improvement of our stakeholder engagement mechanism through regular review and feedback processes.

Stakeholder Identification Process:

We have identified our key stakeholder groups as those who are impacted by our activities, products and services, and whose actions have present and potential impact on our business. Borosil specifically acknowledges the disadvantaged, vulnerable and marginalized as a unique stakeholder group whose interests are given due consideration in any high level strategic decision making of the Company.

“Vulnerable and Marginalized” stakeholders may be defined as “Group of individuals who are unable to realize their rights or enjoy opportunities due to adverse physical, mental, social, economic, cultural, political, geographic or health circumstances”.

These groups include the following:

- Women and girls
- People with disabilities
- Children
- Tribals
- Migrants, migrant workers.

We place a high importance on regular communication and engagement with all stakeholders and have effective feedback mechanisms, including a grievance redressal mechanism, in place to incorporate their concerns and issues into our business planning and execution strategy.
